PARK(ing) Day is an annual open-source global event where citizens, artists, and activists collaborate to temporarily transform metered parking spaces into “PARK(ing)” spaces: temporary public places.

In Indianapolis, a special permit ($75) is required to rent the meter space all day ($24). We can provide all links for permitting process if interested.

This can be as intensive or relaxed as you wish. The point is to think about the parking space as being given back to the community in some way. Google it - there are many ideas.

For those interested, you can lengthen your permits (only pay once!) to two weeks and participate in PARKing Day again while the AIA Ohio Valley Regional Conference is in town.

Interested? Questions? Reach out to Lora Teagarden at Lora@L-2-Design.com
