

krM Architecture+ is a design studio committed to craft and quality. We advocate to create solutions that transform communities and the built environment. We are seeking a passionate and enthusiastic Project Architect to work closely with staff in the development of design and construction documents.

Description

The primary duties of the Graduate Architect will include design for various commercial and public works projects. No prior design firm experience is required but relevant internship or job experience is a plus. Requires the ability to work as part of a project team, develop detailed design concepts, produce contract documents, and interpret client needs.

Requirements

- Bachelor's or Master's degree from an accredited university for architecture
- 2-5 years of experience in commercial projects preferred
- Proficiency with and experience using AutoCAD and Revit
- Strong oral and written communication skills and experience working on project teams
- Experience and/or interest in sustainable design/LEED preferred
- Strong graphic presentation and rendering abilities preferred
- Ability to work independently/and as part of a team

Compensation

Competitive compensation, health insurance, vacation/holidays, 401k program and health club membership stipend.

Contact

Qualified and interested candidates should apply via email (resume, cover letter and portfolio as one PDF file no larger than 10MB) to info@krMarchitecture.com. The subject line of the email should read 'krM Architecture Graduate Architect Applicant 2016'.
