

13 October 2016

Graduate Architect's with 1-10 years of experience needed!

Looking for motivated individuals to work in our design firm on various project types including Healthcare, Higher Education, Retail, Commercial, Governmental, Industrial and Senior Living. You will be challenged to express your interests and your skills related to our industry and to work with all members of the firm as we continue to grow to accommodate our client's needs. You will work in all phases of our projects including all the marketing & business development associated with the firm. You can be a leader in any or all of these areas of our business as you elect to do so. You must have relevant experience in an architectural practice and a good working knowledge of Revit, Word, Excel, Photoshop, Sketchup and the like. Registration and involvement in professional organizations are a plus but not required.

Resume must be accompanied with a portfolio or samples of work in addition to personal references in order to be considered. Excellent Salary compensation and Benefits package will be offered based upon your past experience and desired responsibilities in the firm. We have an office healthcare plan thru United Healthcare, an optional dental plan, a Simple 401k Plan, Health Savings Account, Short Term Disability Insurance and paid holidays and vacation/personal time.

Visit our website at www.coolerdesign.com to see our team and project experience. Please email resume and cover letter and references to info@coolerdesign.com. (All submissions will be strictly confidential)

Cooler Design is a leading design firm in Indiana producing creative solutions in the region tailored to our clients multiple uses. With over 11 years in the business we lead hundreds of projects from their initial concept and budget to develop architectural and interior design solutions that exceed all expectations. We partner with a multitude of engineering firms and specialty consultants to deliver each solutions necessary components and take great pride in our ability to plan, design and oversee work to meet our client's financial & operational goals while producing unique environments to be enjoyed by all.
