

Project Director/Project Architect

Blackline

Indianapolis, Indiana

www.blacklinestudio.net

Blackline is looking to add a talented Project Director/Project Architect to our team. This position requires a professional degree in architecture plus a minimum of seven years professional architectural office experience. Given the diversity of our project types – single and multi-family residential, corporate/office, hospitality, and civic/cultural, we need a versatile designer who is comfortable working at scales ranging from interior detailing through urban design. Our preferred candidate will be capable of leading multiple projects, team-oriented, self-directed, technically-competent, and most importantly, be an effective communicator.

Blackline uses Revit, AutoCAD, and Sketchup along with Microsoft Office and the Adobe Creative Suite.

Salary is based on experience and capabilities.

To apply, please email your cover letter, resume and portfolio of your design work (include both academic and professional) to perkins@blacklinestudio.net

Please limit attachments to PDF format and do not exceed 10mb.
