

Architect

ProLink is a staffing/recruiting firm looking for Architects in search of a new opportunity with a growing firm on the North side of Indianapolis.

Level

- Licensed Architect. Either just passed or in the process of studying/taking exam
- Pay up to \$75k plus performance based bonus, benefits and 401k included

Job Summary

Qualified applicants can create designs for new construction projects, alterations and redevelopments. Applicants should use their specialist construction knowledge and high-level drawing skills to design fire and police stations, county jails, multifamily homes, and higher education buildings that are functional, safe, sustainable and aesthetically pleasing. Will need to aid in the following:

- Perform assigned documentation tasks with computer aided design tools (AutoCAD, Civil 3D or Revit) in accordance with project guidelines.
- Incorporate company graphic standards into drawings.
- Deliver complete and accurate project design assignments within schedule parameters.
- Obtain a general understanding of overall project goals, constraints, and schedule requirements.
- Interact and communicate effectively and professionally with other team members.
- Maintain and organize project-related documents.

Requirements:

- High levels of creativity and imagination
- A keen interest in the built environment and the dedication to see projects through to their conclusion
- Excellent design and drafting skills and proficiency with computer-aided design (CAD)
- A keen eye for detail, as well as the ability to see the bigger picture of a project
- Organizational, project management and planning skills, including the ability to juggle multiple tasks
- An analytical mind with excellent problem-solving and mathematical ability
- Leadership skills as well as the ability to work well within a team of other professionals
- An awareness of the specific environmental and social impact of your projects
