

Job Captain

starr**design**, an award winning design firm based in Charlotte, is looking to hire a design oriented **Job Captain / Intern Architect**. We specialize in connecting people to brands through inspired environments, with a focus on the restaurant and retail industries. The ideal candidate will have a working knowledge of Revit, strong verbal and graphic communication skills, 1 - 3 years of commercial architectural design experience, and a professional or master's degree in architecture.

starr**design** is a multi-disciplinary team that specializes in architecture, interiors, graphics and branding. Our mid-sized company takes a collaborative approach rather than working in silos. Our projects are spread out across the country and around the world. We are looking for exceptional people to add to our team, and we provide above market average compensation & benefits.

Qualified candidates should send their resume, work sample, and references to LetsTalk@starrdesignteam.com. Please feel free to email us. We are very busy (that's why we're hiring), and a phone call will only be distracting.
