

A design studio of talented craftspeople, krM Architecture is dedicated to creating architecture and transforming communities with an emphasis on craft and quality. We support a highly collaborative and inclusive design process.

Our studio has immediate needs for designers to join our offices in Indianapolis and Anderson, Indiana. We are looking for self-starting individuals who share our attitude about creating great work with an emphasis on craft and quality and enjoy working in a relaxed, creative atmosphere. Applicants should show experience and interest in all aspects of the design process and varying building types and scales.

Contact

Qualified and interested candidates should apply via email (resume, cover letter and portfolio as one PDF file no larger than 10MB) to careers@krMarchitecture.com. The subject line of the email should read *krM Architecture, Interior Designer Applicant 2017*. Upon receipt, we will review and contact you should your qualifications meet our staffing needs. No phone calls please.

Interior Designer, 6-10 years experience

Applicants must have:

- Bachelor's or Master's degree in Interior Design from an accredited college or university
- 6-10 years of professional work experience as an Interior Designer with an ability to lead, manage and coordinate multiple projects simultaneously

Requisite skills for consideration include:

- Proficiency with drafting and modeling, including Revit, CADD, and SketchUp
- Digital graphic skills including familiarity with Adobe Photoshop, Microsoft Office, and other software programs
- Strong oral, written and graphic skills
- Ability to engage in successful client communication, especially listening
- Ability to work both independently and collaboratively in a dynamic team environment
- Interest in sustainable design and the craft of construction

Portfolio experience should clearly show a strong creative design portfolio, which is essential, as well as technical knowledge of complex building systems and structures that would be required by institutional, civic, educational, mixed-use and other similar entities.

Characteristics:

- Curious and Creative
- Innovative and Explorative
- Critical and Exacting
- Collaborative and Communicative
- Self-driven and Willing (can-do attitude)
- Generous Spirit

Responsibilities:

- Leads and assists in project visioning and programming
- Applies principles to the development of design options and works collaboratively with the design team and client to develop award-winning solutions
- Develops product research, selection, and detailing
- Develops FF&E designs, construction documents including specifications and budget estimates
- Manages and coordinates with external industry consultants and reps
